Kathleen Cleaver (wife of Eldrige [sic] Cleaver) spoke at Ohio State today. She related her experiences to us. She considers herself part of the International Panther Party. She said the faction Huey Newton is leading is not the true party of the people (remember the split in the Panther Party?) She said a lot of things. What she spoke about was true. The U.S.A is the imperialist, pig, policemen, & oppressor of the world. Violet, we are living in the belly of the beast. We are living in the most racist, despotic, slick, sly, degenerate system in the world. Violet (& tell Gregory this) there are Vietnams all over the world! In Africa, you have a split in the Congo!

Conclusion: The revolutionary people of the world (3rd world) will have to unite in the struggle against U.S.A imperialism. The black peoples of the world (1st world) will have to unite. that includes Niggers here, Niggers in the Caribbean, Niggers in S. America, & Niggers in Africa. Time is running out. The economic system has no room for us. Unemployment and unsteady employment is on the rise. Tell Teryle that all her college education don't mean shit! unless she is in math, science, engineering, or black education! And that's to help our people & not to get rich & joining this system of oppression!

That's why it's important for Sherry, Jack, Jill, William & Paul, to have their heads together. That's why Amina should be brought up to be a revolutionary. I doubt if the Revolution is coming in our generation (it may) Watch out for BC pills! I'm thinking of giving mine up whether now or in the near future. Tell me what kind your [sic] taking. Black capitalism (B.S.) & dope reform, prison reform are all B.S. programs. They're games the man is running in us to have us believe in this B.S. Country. Remember [the concentration camps are being repainted. Remember dope addiction is increasing. The only people going to jails are together brothers & sisters. No one in the Mafia is going to jail. No pimps or prostitutes are going to jail. Remember 98% of white folks either hate you or don't care about you! There are wars going on
